In the News: Florida Road Builders Drive Massive Highway Expansion

The biggest expansion of the state highway network since the mid-1950s looks poised to gain approval from Florida lawmakers, pushed into action by road builders and contractors eager for work. House leaders are joining Senate President Bill Galvano's push for three major toll roads, which he says will bring jobs and fresh opportunity to overlooked regions of Florida. Environmentalists and many planners warn the move threatens waterways and will promote sprawl. It will also cost the state more than \$1.5 billion over the next decade, according to state budget projections.

Legislative Update: 2019 Florida Legislative Session - Bills

Affected Local Public Works

The 2019 session of the Florida Legislature began March 3 and is scheduled to end May 3. Indexing the local gas taxes is a priority for FACERS. FACERS, together with Marion County, had advanced a proposal to apply the same indexing procedure to local gas taxes that has applied to state gas taxes since the early 1990s. Under this proposal the local gas tax would be adjusted annually in accordance with the changes in the Consumer Price Index. This proposal was adopted as part of FAC's legislative program for this year, but as of this date, no bill sponsoring this legislation has been introduced.

President's Message Shane Parker

Greetings! I hope all is well with everyone and that you all are keeping your heads above water. Especially, as we all move into the preparation of our County budgets for the upcoming fiscal year.

As a reminder, please make arrangements to attend the FACERS summer conference which will be held at the Hyatt Regency in Orlando from June 11-13, 2019. The meeting be held simultaneously with the 2019 FAC Annual Conference and is a great networking opportunity. Also, one of our guest speakers will be FDOT Secretary Kevin J. Thibault. So please make plans to attend as it is not often that we have the Secretary of FDOT as our guest speaker.

If you have any ideas for a presentation or have a topic you are interested in hearing a presentation on at the summer conference then please submit your comments and ideas to our Vice-President Mr. Brian Singleton at bsingleton@AlachuaCounty.US.

I hope everyone takes some time off from their hectic schedules to enjoy the Easter holiday and Spring Break with the family and friends. Remember there will always be plenty of work, but you can't get back those precious moments with your family and friends.

Sincerely,

Shane

Professional Bio

I received my Bachelor's in Civil Engineering and my Master's in Engineering Management from the University of South Florida, go

Bulls! I have worked in the transportation-design arena since my days as a co-op student with Hillsborough County, Roadway Design. I have worked as a consultant and in government. I was with FDOT, D7, for 16 years, the technical and leadership skills, and ethics I learned there have served me well in my current position as the County Engineer for Pasco County.
