President's Message Brian Singleton, P.E.

Greetings from Alachua County and on behalf of the FACERS Board! I hope everyone had a great summer and was able to enjoy some time off.

In June, the FACERS Board adopted a Resolution supporting indexing of local motor fuel taxes for the upcoming Legislation cycle; the political climate this year does not appear that this effort will make it into the form of a bill, however the Board will continue to elevate the visibility of this issue as well as modernizing the source of local government transportation revenues.

As such, I attended the Florida Association of Counties Innovation and Policy Conference to represent FACERS on this item as well as any other items that impact our revenues sources or items that impact our day-to-day operations such as the evolving 5G Legislation. I feel it is important for us to have a voice at the table for legislation that impacts our operations directly.

As a reminder, the Fall FACERS Conference is November 20 – 21 at the Fort Lauderdale Marriott Harbor Beach in Broward County and I encourage all members to attend. Tracy Straub, FACERS Vice President, of Marion County is doing a great job putting the agenda together that I know everyone will receive a benefit from. Not only is this a great opportunity to learn and obtain PDHs, the conference is ideal for networking and to learn how our peers tackle the similar obstacles we face. I look forward to seeing each of you there!

Thanks,

Brian

Professional Bio

I attended Lehigh University for my

undergraduate degree and the University of Massachusetts Amherst for my Master's degree. After graduating from UMASS I worked in Philadelphia for a consulting firm for approximately a year. After Philadelphia, I worked for The Delaware Department of Transportation designing traffic signals for six years.

I next moved to the Richmond, VA area and worked for a couple consulting firms conducting traffic studies and designing traffic signals for four years. Since the beginning of 2017, I have been working as the Senior Traffic Engineer for the Lake County Public Works Department.

Personal Info

What's playing on your iPod? Usually country music

What's the last book you read? I admit it has been awhile since I read a book.

What's your favorite thing to do on the weekends? Going to Disney World with my family.

What's your favorite part of FACERS? FACERS is made up of a great group of people who really care about making Florida a safer place to live, work and visit. I really enjoy working with the members and learning about how they are making their Counties/Cities a better place. The members are dedicated and you can tell they are really passionate about what they do.
