President's Message

FACERS President 2012/2013
Jonathan Page, Nassau County

Hello and greetings to my fellow FACERS members across the State. I have never been much for "New Year's Resolutions" - not that I have anything against resolutions, I have just learned that for me setting the arbitrary date of January 1 to begin to try something hard and/or unpleasant is no way to begin the New Year. It is enough of a resolution just to try to make sure I use the correct date when signing checks, etc. I have noticed that the gym was really crowded and now those crowds are thinning considerably, which is appreciated. Whether you are a "resolutioner" or not, you undoubtedly entered 2013 with thoughts of the New Year and things that you want to accomplish, whether it is figuring out how to justify an extra million on one of your CIP projects or managing to cut your budget (yet again!) by some arbitrary number handed down by the Omnipotent Manipulators of the Budget without losing personnel or chaining them to their desks.

FACERS, as an organization, is no different. When the Board of Directors met in November 2012, and recently on February 16, 2013, we discussed many of the goals (resolutions) of FACERS for a successful 2013 for the organization. Whether it is our continual resolution to put on top notch technical conferences (yes, planning for June 26 -28 in Tampa is underway) or more long term resolutions such as strengthening our relationships with the Florida Association of Counties (FAC), Florida Department of Transportation (FDOT) and the Federal Highway Administration (FHWA), I am proud that steps are being made and we are working to make our organizational goals happen.

Recently, for example, we made our first presentation to the newly elected commissioners at the "New Commissioner Workshop" on January 10, 2013. This gave the new commissioners in Florida an idea of what Publics Works (and FACERS) is all about and we hope to continue to do this after every election. This is evidence of the strengthening of our relationship with FAC and just one example of the hard work your Board of Directors and Executive Liaison are doing to help FACERS keep our "resolutions" (see more about this on page 4).

As you reflect on what went well in 2012, what could have gone better and how you can improve personally and professionally in 2013, I hope that you realize that FACERS should be a part of your plans. If you have not attended a conference in a year or so make 2013 the year! Active involvement in FACERS won't make you lose weight or help you stop smoking but I promise you it can make you better at what you do.

FACERS Scholarships

Ms. Maria R. Martinez

FACERS has partnered with several companies involved in public works to provide scholarships at four Florida universities. The most recent FACERS Scholarship recipient is **Ms. Maria R. Martinez from Florida International University.**

Maria is a Dean's List student at FIU, majoring in Civil Engineering. She works in the Student Support Service Program as a math and science tutor and as a Learning Assistant for the Math Department. Maria recently completed a research project for the McNair Program and an internship for Eastern Engineering. She will be graduating in spring

2014, wishing to continue her education towards a Master's degree by working as an engineer at the same time.

FACERS was recently advised that the **University of Central Florida** will be awarding a scholarship on behalf of FACERS at their upcoming Awards Luncheon on April 2, 2013.

FACERS is pleased to provide scholarships to engineering students in the following universities: University of South Florida, University of Florida, University of Central Florida and Florida International University. [Additional information on the FACERS Scholarship Program including universities, partnerships and past recipients, can be found at this link.](#)

Dear FACERS-Chastain Skillman Civil Engineering Scholarship committee,

I was both surprised and honored to receive the scholarship from your organization. I am aware of some of the things you do for our community, particularly in support of education.

I appreciate your confidence in me and willingness to contribute to my future education. I wanted to add my thanks for your support. It means so much to me and my family to know that my success and achievement is important to you. I am planning to graduate in spring 2014 as a Civil Engineer in hopes of one day becoming the CEO of my own engineering company. I can hardly wait.

Again, thank you for investing in my future.

Sincerely, Maria R. Martinez

FACERS MISSION

The Florida Association of County Engineers and Road Superintendents (FACERS) is entrusted by professional obligation to monitor and offer opinions on related local, state and national legislation affecting transportation and public works; to contribute to the development or revision of statewide standard specifications and guideline documents; and to provide a forum for the exchange of ideas, technical information and best practices to assure every community of the best possible engineering available.

2012/2013 FACERS Officers and Board of Directors

President, Jonathan Page, Nassau County

Vice President, Ryan Douglass, Walton County

Secretary, James K. Harriott, Jr., Sarasota County

Treasurer, Judy Grim, Volusia County

Past President, Fred Schneider

Active Member Director, Todd Buckles, Volusia County

Active Member Director, Douglas Gable, Polk County

Active Member Director, R. Alan Holbach, Charlotte County

Active Member Director, Christopher Mora, Indian River County

Active Member Director, Faith Alkhatib, Flagler County

Sustaining Member Director, Amy Blaida, RS&H

FACERS Executive Liaison, John Goodknight

NACE State Director, Scott Cottrell, Sumter County

NACE Officer, Ramon Gavarrete, Highlands County

FACERS Presentation at FAC New Commissioner Workshop

On January 10, 2013, FACERS participated in the **New Commissioner Workshop** conducted by the **Florida Association of Counties (FAC)** in Gainesville, FL. This workshop is held biannually following each general election to help acquaint new commissioners with issues they will likely face during their term of office. The presentation was made by John Goodknight, FACERS Executive Liaison, with PowerPoint materials prepared by Ramon Gavarrete and George Webb.

The discussion provided an opportunity to share information with new commissioners about how FACERS, as an affiliate of Florida Association of Counties, supports the Association and provides value to individual member counties. Key points of the presentation were:

- ⇒ FACERS' role in supporting FAC's legislative program by providing technical reviews of proposed legislation;
- ⇒ Significant accomplishments like negotiations with FDOT to change policy to reimburse local governments for the costs of signal and lighting maintenance;
- ⇒ Ongoing activities of the LAP Community of Practice, a collaborative effort by FACERS and FDOT to streamline the process for using federal transportation funds on local roads;
- ⇒ The importance of the Florida Green Book and MUTCD as guidance for decisions commissioners will face regarding traffic regulation and road design.

Commissioners and FAC staff expressed appreciation for the presentation and encouraged FACERS' continued participation in FAC programs.

FACERS Presentation at FAC New Commissioner Workshop

Below is a letter of appreciation from FAC's Education Coordinator to John Goodknight:

January 25, 2013

Dear John:

Thank you so much for presenting for us at the recent New Commissioner Workshop in Gainesville. I enjoyed visiting with you and hope we will be able to do something at one of our upcoming FAC conferences to highlight your program.

FAC is very fortunate to have experts like you interested in assisting with improving our educational programs. We had a very successful workshop, in large measure because of the participation of knowledgeable and experienced speakers like you. Congratulations on an excellent program!

All the best,

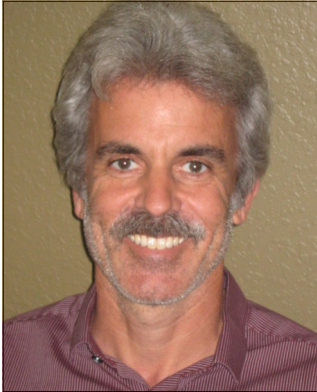

A handwritten signature in black ink, appearing to read "Becky", is written over the typed name.

Becky Berentsen
Education Coordinator

FACERS MEMBER SPOTLIGHT

Doug Gable, PE, Transportation Division, Polk County

Doug Gable is one of the newest **FACERS Active Member Directors**, and is our FACERS Member Spotlight this quarter!! Doug grew up in Edgewater, MD, and graduated from South River High School in 1983; he then enlisted in the US Air Force from 1984 to 1988, where he was stationed in the Azores, Portugal from 1985 to 1986. He met his wife in Avon Park, FL in 1987 while stationed at the Avon Park Bombing Range—they were married on March 17, 1989 (St. Patrick's Day) in Bartow, FL (fun fact: served green beer at the wedding reception!!). Doug Attended college at Louisiana

Tech University where he graduated with a BS in Civil Engineering in 1996. He worked briefly for a consultant in Shreveport, Louisiana and for the Louisiana DOTD before he decided to move back to Florida in 2000. He worked for Highlands County BoCC from 2000 to 2002 and was involved with the construction of Sebring Parkway Phase I. He has been working for the Polk County BoCC from 2002 to present. Major projects have been (1) CR 54 (Ronald Reagan Parkway) road widening and (2) Ernie Caldwell Blvd – new four-lane roadway. His current position is with the Transportation Division, Project Management Section, where he manages a group of Project Managers who are responsible for managing all of the transportation projects in the County CIP. Doug's group also manages the resurfacing program, road drainage repair program, and the new sidewalks program. He has one daughter who is in the 9th grade and attends the International Baccalaureate School at Bartow High; and his son is in 6th grade and attends Union Academy Middle School in Bartow. For fun, he enjoys playing soccer in an adult recreational league. His family enjoys the outdoors and recently went on a canoeing trip down the Suwanee River. On occasion, Doug can be found sampling craft beers.

SAVE THE DATE— UPCOMING EVENTS!!

FACERS Annual Meeting

June 26-28, 2013

In Conjunction With 2013 FAC Annual Conference
Marriott Tampa Waterside Hotel, Hillsborough County, FL
Registration for FAC Conference and
Hotel Room Block will be open April 1

Planning is currently underway for the two-day FACERS presentation schedule (June 26 & 27). **Electronic CEU Certificates** will be provided via email to all attendees following the meeting.

The **FACERS Awards Program** will be held directly before the **FACERS General Membership Meeting** which is scheduled for **Friday, June 28**.

The **FACERS Social Night** will be held at **Jackson's Bistro at Harbour Island**—walking distance from Marriott Tampa Waterside Hotel—on **Thursday, June 27, from 6-9pm**. If you are interested in **sponsoring the FACERS Social Night**, please contact our Sustaining Board Member Amy Blaida, at amy.blaida@rsandh.com or cell (813) 468-4576.

NACE 2013 Annual Meeting and Management & Technical Conference

NACE 2013

April 21-25

Des Moines, Iowa

A Century of Service

Des Moines, Iowa April 21-25, 2013

*Each spring over 350 NACE members and other attendees gather for the NACE annual conference (plus over 200 exhibit reps and 100 spouses/guests for 650-700 total). Attendees include road and bridge officials — county engineers, highway superintendents, public works directors and more, all benefit from attending the NACE conference. The NACE 2013 Annual Meeting and Management & Technical Conference, "A Century of Service" will be hosted by the **Iowa County Engineers Association** in Des Moines, IA from April 21-25, 2013.*

FACERS Membership

FACERS accepts membership applications for the following categories: Active, Municipal and Sustaining. You can join FACERS at this link : [FACERS Membership](#). As a member of FACERS, you will receive regular communications via email, the Quarterly FACERS Newsletter, and you will have the ability to attend the FACERS Annual Meeting and FACERS Annual Legislative Meeting (including the FACERS Social Nights) at NO COST.

Member Type Descriptions:

Active - County Engineers, Public Works Directors, County Road Superintendents, etc., who are regularly employed on a full time basis by any one of the Counties of the State of Florida.

Municipal - City Engineers, City Public Works Directors, City Road Superintendents, etc., who are regularly employed on a full time basis by any one of the Cities of the State of Florida.

Sustaining - All other persons who are interested in the affairs of FACERS.

***Select your Fee Type (All FACERS Members can also register as NACE members):**

[Explanation of fees](#)

- ◇ **FACERS (public agency employees/Active & Municipal Members) - \$75**
- ◇ **FACERS (non public agency employees/Sustaining Members) - \$125**
- ◇ **NACE (National Association of County Engineers) - \$150**

After your registration is complete, please send your check to: Judy Grim

Make checks payable to "FACERS"

FACERS Treasurer
2560 W. New York Ave
DeLand, FL 32720

Sustaining Members

If you are a **Sustaining Member** of the Florida Association of County Engineers and Road Superintendents (FACERS), your company logo can be displayed on the FACERS website!!

Sustaining Members, please send your logo to Jaime Carreon at the Florida Transportation Technology Transfer Center (T2) so that it can be posted (jacarreon@ufl.edu).

FACERS Project Spotlight—Princess Place Bridge Replacement

Submitted by Faith Alkhatib and Amy Kennedy, Flagler County

Princess Place Preserve is a 1,500 acre county-owned and operated park located in northern Flagler County. This beautiful preserve is rich in history and attracts nature enthusiasts from near and far. The park entrance is located on Old Kings Road, where visitors enter the property along a long, narrow, unpaved roadway. The road extends to the original lodge and Florida's very first in-ground swimming pool, built along the bank of Pellicer Creek by Henry Cutting in the late 1800s.

Along the route, the access drive crosses Styles Creek which, until recently, meant that vehicles must cross the tidal, brackish creek via an aging concrete slab one-lane bridge. Bridge inspection reports revealed a number of structural deficiencies making the replacement of this bridge structure a critical priority for the County.

Flagler County requested and received approximately \$650,000 of funding from the Florida Department of Transportation as part of the American Recovery and Reinvestment Act of 2009 to replace the structure. The project was advertised as a Design/Build project. An important aspect of the project was that the design of the bridge be context sensitive. The County wanted a design which would be consistent with its physical setting and would preserve the scenic, aesthetic, histor-

ic and environmental features of the location, while meeting all of the technical specifications required under the federally funded program.

A clear span timber covered bridge structure, supported by concrete abutments was the design of choice. The completed bridge has one single fourteen foot wide vehicular travel lane and eight foot wide pedestrian walkways on each side of the bridge. The bridge design incorporates a timber covered roof structure with sixteen foot vertical clearance above the vehicular travel lane portion of the bridge.

The roof structure is an open truss design with tongue-n-groove wood roof decking with timber shingles. Lighting accents along the exterior support columns enhance the aesthetic appeal of the structure.

BEFORE: OCT 2011

AFTER: SEP 2012

2013 FACERS Awards Nominations

Every year the Florida Association of County Engineers and Road Superintendents (FACERS) honors a **Public Works Employee, Small Agency or Rural* Engineer, Large Agency or Urban* Engineer and a Team Project of the Year** for projects completed in the previous year. Awards are open to all individuals in public works, transportation and engineering in Florida's counties and cities. The Team Project of the Year category is a great way to recognize excellent work by our private sector partners/Sustaining Members.

There is no requirement to be a FACERS member. Nominees receive a congratulatory letter. Winners receive statewide recognition at the annual FACERS conference and are featured in the Technology Transfer Quarterly newsletter. The Engineer award recipients may also qualify for national recognition.

*Small Agency/Rural is defined as having a population less than 100,000. Large Agency/Urban is defined as having a population of 100,000 or more.

To nominate someone, complete the form at this link and it will be automatically e-mailed to a FACERS Selection Committee member. The committee will obtain all additional information to meet state and national criteria.

If you have any questions, please email questions@facers.org, and we will get back to you as soon as possible.

To submit photos with your submission, please email the photo files to webmaster@facers.org. Be sure to include information about the photos and which project they are associated with so that we may accurately match them to the submission.

THE DEADLINE FOR SUBMISSIONS IS FRIDAY,
APRIL 26, 2013.

May 19-25, 2013

Instituted as a public education campaign by the American Public Works Association (APWA) in 1960, NPWW calls attention to the importance of public works in community life. The Week seeks to enhance the prestige of the often-unsung heroes of our society—the professionals who serve the public good every day with quiet dedication.

This year, artist Jannie Ho shows the many facets of public works in a whimsical and bright illustration. Born in Hong Kong and raised in Philadelphia, Jannie studied at Parsons School of Design in New York. Her work appears in children's books, magazines, toys, crafts and digital media.

FACERS 2012 Legislative Meeting

FACERS met in Sarasota, FL for the 2012 Legislative Meeting in November. The first two days were packed full of presentations and the FACERS even went offsite to visit some bridges that Sarasota County currently has under construction thanks to Jim Harriott. Thanks to everyone who attended and participated. It was a highly attended meeting with some fantastic networking!

THANK YOU TO ALL OF OUR SPEAKERS!!!

Below are the speakers and events from the 2012 FACERS Legislative Meeting:

Pavement Management – Clay County: *Mike Holcomb, Atkins Global*

Thirsty Duck - Buoyant Flow Control Devices: *Jeff Glenn and Liz Bartell – RS&H; and Jon Moody, Thirsty Duck*

FDOT Roundtable: *Duane Brautigam, FDOT*

Roadway Safety Audit – Pedestrian Safety: *Craig Allred, FHWA*

Reducing Traffic Congestion and Improving Safety with Smart Signal Technology: *Mark Sullivant, Rhythm Engineering*

Round Table Discussion – Public Works Legislative Issues

Disaster and Emergency Management Workshop: *Agustin Maristany, David K. Brauner – King Engineering*

Trenchless Technologies – More Than A Fad: *Robert Kermitz, England, Thims & Miller, Inc.*

Generation X-Y: *Amy Blaida - RS&H; and Chas Jordan - City of Largo*

Orange County 311: *Brandy Davis, Lorenzo Williams – Orange County*

Strategic Highway Safety Plan Update: *Joe Santos, FDOT*

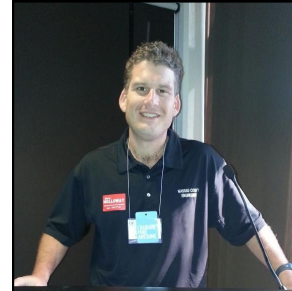

Moving Ahead for Progress in the 21st Century - MAP 21: *Chris Richter, FHWA*

North Cattlemen Road/Benderson Park Project – Sarasota County: *James Harriott, Sarasota County*

FACERS Social Night @ Marina Jack, Sarasota, FL

FACERS Business Meeting

FACERS 2012 LEGISLATIVE MEETING

Upcoming Workshops —March '13-May '13
