

## **County Engineer – Highlands County, FL**

Are you a strategic, hands-on engineering leader ready to elevate public infrastructure in a growing Florida community? Highlands County is seeking a dynamic **County Engineer** to lead capital projects, transportation and stormwater systems, and a multidisciplinary team of 44 professionals.

Located in Central Florida, Highlands County blends small-town charm with natural beauty—featuring 113 lakes, 16 golf courses, vibrant festivals, and the Sebring International Raceway.

We're looking for a candidate who is:

- Skilled in civil, transportation, and stormwater engineering
- Experienced in capital project planning, compliance, and budget oversight
- A strong communicator with public sector and team leadership experience

### **Key Projects Include:**

Sebring Parkway Phase IV, 4-lane expansion of W. College Drive, Stormwater Master Plan, and more.

### **Required:**

- Bachelor's degree in Civil Engineering or related field
- 8+ years of progressively responsible engineering experience
- Florida Professional Engineer (PE) license or ability to obtain

### **Preferred:**

- Master's degree in Engineering, Public Administration, or related field
- Experience in a governmental or public works setting
- Supervisory experience over multidisciplinary teams

**Salary: \$86,922 – \$139,075 DOE/DOQ**
